FROM THE DIRECTOR

We recently adopted the 2022-2026 Strategic Plan for JCLS, which will guide our services over the next five years. The four main goal areas are: energize library services and resources; extend access to the library; engage the community more fully; and nurture the library infrastructure.

One of the priorities of the Strategic Plan is to expand library service hours. Library staff and the Board have spent many months researching community needs, conducting a study, and analyzing the data to determine what expanded hours will work best. Look for expanded hours coming soon to a branch near you!

Libraries celebrate the freedom to read each year during Banned Book Week. “Books Unite Us. Censorship Divides Us” is this year’s theme. We totally recognize that not every book in the library is suited for every reader. We also recognize that it is the individual’s right to choose the ones that they want to read. Please join us this year for a panel discussion about why libraries are not in the business of banning books.

I invite you to Fall into Adventure at your library this fall.

Kari May
Library Director

1,000 BOOKS BEFORE KINDERGARTEN

Did you know that reading to children is one of the most powerful ways to boost their brain power?

The simple and enjoyable act of sharing books helps your child learn pre-reading skills such as understanding the sounds letters make, developing a bigger vocabulary, and building background knowledge—all important skills that help prepare your child for learning to read and entering kindergarten.

1,000 Books Before Kindergarten is a fun, exciting, and free way to start your child on the path to success! Any child ages birth to six years can participate.

PRIZES

Prizes will be given as children pass certain milestones. Once 1,000 books have been reached, each child will get a certificate and additional prizes.

Sign up at any Jackson County Library branch to get started.

DE LA DIRECTORA

Recientemente adoptamos el Plan estratégico para JCLS 2022-2026, el cual guiará nuestros servicios durante los próximos cinco años. Las cuatro áreas principales de nuestras metas son: impulsar servicios bibliotecarios y recursos; extender acceso a la biblioteca; conectar con la comunidad más ampliamente; y nutrir la infraestructura de la biblioteca.

Durante los próximos meses, el personal estará evaluando las actuales colecciones de la biblioteca, incluyendo la Biblioteca de cosas; agregando nuevas tecnologías para mejorar el acceso a servicios bibliotecarios; y explorando ideas para la mejora de los espacios a la intemperie que tenemos en algunas de nuestras instalaciones. Tenemos ganas de mejorar las colecciones, programas y servicios que proporcionamos.

Una de las prioridades del Plan estratégico es extender los horarios de servicio de la biblioteca. El personal de la biblioteca y la Junta directiva han invertido mucho tiempo investigando las necesidades comunitarias, llevando a cabo un estudio, y analizando datos para determinar qué horarios adicionales funcionarían mejor. ¡Esté al pendiente de los nuevos horarios que pronto habrán en la sucursal de la biblioteca más cerca de usted!

Las bibliotecas celebran la libertad de lectura cada año durante "Banned Book Week." "Books Unite Us. Censorship Divides Us" (Los libros nos unen. La censura nos divide, en español), es el tema de este año. Reconocemos totalmente que no todos los libros de la biblioteca son aptos para todo lector. También reconocemos que el individuo tiene el derecho de elegir los que quiera leer. Por favor acompáñenos este año para un panel de discusión sobre el porqué las bibliotecas no están en posición de censurar libros.

Los invitamos a la Aventura de otoño en su biblioteca este otoño.
